

2022 Webinar and Continuing Education Schedule

Join Shield HealthCare for our live, interactive educational webinars and receive complimentary resources for patients and staff. Presenters share their expertise in a range of topics, from healthcare best practices to health management information.

CE credit is available for these Webinars

Urinary and Fecal Incontinence Issues

1 CE Contact
Hour Available

Presented by Julie Morita RN, MSN, CWOCN

Understanding the causes of urinary and fecal incontinence allows for better management approaches and prevention of secondary problems such as MASD and pressure injuries. Delayed or inadequate management of incontinence can lead to skin damage and serious infections. We will discuss evidence based practice techniques to prevent such conditions.

9am – 10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

Benign Prostatic Hyperplasia (BPH)

1 CE Contact
Hour Available

Presented by Kelly Sparks RN, BSN, CWOCN, CFCN

We will discuss Benign Prostatic Hyperplasia (BPH), a common condition that affects 50% of men in their 50's. We will look in depth at the main function of the prostate gland, including causes and symptoms of BPH and how it impacts everyday life activities. Additionally, we will discuss how the use of catheters can assist in providing relief to those impacted by this condition.

9am – 10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

Classifications of Wound's

1 CE Contact
Hour Available

Presented by Kelly Sparks RN, BSN, CWOCN, CFCN

In this presentation we will review wound staging; Stage 1 to Stage 4 and unstageable. We will discuss prevention options and must-have wound care products and the myths about wound healing.

9am – 10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

Caring for the Caregiver

1 CE Contact
Hour Available

Presented by Julie Morita RN, MSN, CWOCN

In this webinar we will address common signs of caregiver stress. We will define signs of depression as well as identify activities to help reduce stress levels for the caregiver. We will also discuss organizations that are good resources for the caregiver in helping to avoid caregiver burnout.

9am – 10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

Using CGM for Glycemic Control

1 CE Contact
Hour Available

Presented by Kelly Sparks RN, BSN, CWOCN, CFCN

CGMs are quickly becoming the recommended tool for tracking sugar levels throughout the day. Type 2 Diabetes is one of the most prevalent health conditions around the world. Continuous Blood Glucose Monitoring (CGM) is an advanced method to assess blood sugar levels at any time of day without the need for a finger stick. We will explore CGMs and how to use them.

9am – 10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

Enteral Continuing Education with FREE CE Credits

A three-Part In-Service Enteral Tube Feeding Series providing .5 CE credit for attendees.

This series of three 30-Minute In-Service sessions are available by appointment only through your Shield HealthCare Registered Dietitian.
