

2020 Webinar Schedule: January - June

STRONGER WITH SHIELD

Shield HealthCare's educational webinars are designed to provide patients and clinicians with easily accessible, up-to-date healthcare information that fits in your schedule. Presenters share their expertise in a range of topics, from healthcare best practices to health management information.

Join us each month for our live, interactive educational webinars and receive complimentary resources for patients and staff.
CE credit is available for some courses, as noted.

Aging in Place: Tips for a Safe, Accessible Home Environment

1 CE Contact Hour Available

Aging in place has numerous benefits for older adults, including maintaining independence, reducing stress & depression, and reducing infection risk. In this webinar we cover fall risk, fall prevention, and home modification methods to make aging in place safer and more accessible.

Presented by Kelly Sparks, RN, BSN, CWOCN, CFCN with Capital Nursing Education

9am-10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

Urinary Dysfunction: The What, Why and How

1 CE Contact Hour Available

Normal bladder function is important not only for a person's overall health, but also for feelings of comfort and self-esteem. In this session we'll cover types of urinary dysfunction, why it happens, and successful bladder management strategies to improve quality of life.

Presented by Kelly Sparks, RN, BSN, CWOCN, CFCN with Capital Nursing Education

9am-10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

YouTube Live Event: Ask the WOCN

NEW! OstomyLife Live Q&A Event (no CE credit available for this session)

Join Joy Hooper, RN, BSN, CWOCN, OMS, WCC, 2019 WOCN of the Year, and Shield HealthCare for our first free streaming YouTube Live Event! After a brief presentation on ostomy management, we invite you to ask the WOCN everything you'd like to know on intra- and post-operative care techniques, showering & lifestyle tips, peristomal skin issues and much more.

9am-10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

Management of Biofilm and Infection

1 CE Contact Hour Available

Over 90% of chronic wounds contain bacteria and fungi living within a biofilm. In this webinar we discuss how to effectively manage biofilm and topical wound infections, including diagnosis methods and what treatments and products can be used effectively.

Presented by Bill Richlen, PT, CWS, WCC, DWC with Infnitus, LLC

9am-10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

Diabetic Neuropathy Identification and Management

1 CE Contact Hour Available

Diabetic neuropathy is a type of nerve damage that can occur if you have diabetes, and it is a common and serious complication. In this session we'll explore the four main types of diabetic neuropathy, its complex disease mechanisms, and the treatment therapies currently available.

Presented by Kelly Sparks, RN, BSN, CWOCN, CFCN with Capital Nursing Education

9am-10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)

The Structural Burden of Caregiving

1 CE Contact Hour Available

In this webinar we explore the hidden - and often unexpected - caregiving burden associated with navigating the health care system, including: time & effort involved in managing care and negotiating services, time spent negotiating healthcare systems and care appointments, discovering when treatments will be covered & under which circumstances, and much more.

Presented by Kelly Sparks, RN, BSN, CWOCN, CFCN with Capital Nursing Education

9am-10am Pacific Time (10-11am MT | 11-12pm CT | 12-1pm ET)
